Virtual Training:

- Optional

Course Overview

The foremost goal of this HAZWOPER 8 Hour First Responder Awareness course is to prepare individuals who are likely to witness or discover a hazardous substance release to initiate an emergency response sequence by notifying the proper authorities of the release. The class is structured to help companies fulfill requirements set forth in OSHA 29 CFR Part 1910.120 (q). This HAZWOPER 8 Hour First Responder Awareness class is a must for any worker who has the potential to come in contact with hazardous substances and waste. Overall, this program is designed to reduce liability concerns for the employer while establishing a culture of safe work practices among employees.
