

# Spill Prevention Control & Countermeasures Training (SPCC)

**Language Available:**

- English

**Student Count:**

- Min = 1
- Max = 25

**Course Duration:**

- 3 Hours

**Course Materials:**

- Handouts
- Quiz

**Virtual Training:**

- Not Optional

**Course Overview:**

This purpose of this training is to discuss spill-related pollution, spill prevention techniques, appropriate procedures for controlling a spill if one occurs, and countermeasure techniques that can be taken to help comply with federal regulations. The U.S. Environmental Protection Agency created the Spill Prevention, Control, and Countermeasure rule to prevent oil contamination of navigable waterways and adjoining shorelines

**Discussion Topics:**

- Introduction
- Threats of Spilled Oil
- SPCC Plan Requirements
- Spill Prevention
- Spill Control
- Spill Response and Countermeasures
