

Wildfire Smoke Protection Training

Language Available:

- English
- Spanish

Student Count (per class):

- Min = 1
- Max = 25

Course Duration:

- 1.5 Hours

Course Materials:

- Handouts
- Quiz

Virtual Training:

- Optional

Course Overview

This wildfire smoke protection training program equips workers with the knowledge and resources necessary to minimize health risks associated with wildfire smoke exposure in outdoor work environments. It aligns with OSHA guidance and best practices for protecting employee health during wildfire events.

Discussion Topics:

- Wildfire Smoke and Health Hazards
- Understanding the Air Quality Index (AQI)
- Respiratory Protection for Wildfire Smoke: Types, Selection, and Use
- Proper Respirator Fitting and Maintenance Procedures
- Communication Strategies for Work Adjustments During Wildfire Smoke Events
- Signs and Symptoms of Wildfire Smoke Illness and Response Measures
- Air Quality Monitoring Resources and Wildfire Information Sources
